

Using data and IT to improve district heating in Copenhagen

Gorm Elikofer
Chief Costumer Officer

HOFOR – Greater Copenhagen Utility

Largest Danish Multiutility

**Drinking
water**

**District
Heating**

**Rain- &
Wastewater**

Gas

**District
Cooling**

**Sustainable
Energy
Production**

Using data for optimization throughout the value chain

Production

- Energymarket
- FlexHeat

Distribution

- 'Line pack'
- Asset Management

Consumption

- Flexsumers
- Efficiency
- Indoor climate
- New services

No opportunities without challenges

- Technical / operational
- Market
- Culture
- Skills
- Operating model
- Legal / regulatory
- Strategy

Thank you !
